Docket No. 50-331

Iowa Electric Light and Power Company
ATTN: Mr. Lee Liu
Chairman of the Board and
Chief Executive Officer
Post Office Box 351
Cedar Rapids, Iowa 52406

Gentlemen:

We have received a copy of your application dated August 9, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested permanent relief from individual valve leakage testing requirements of the ASME Boiler and Pressure Vessel Code, Section XI, for the seven torus-dropwell vacuum breakers for the Duane Arnold Energy Center. A \$150 filing fee was remitted with your application pursuant to 10 CFR 170.

Based on information provided by the ONRR staff as a result of their preliminary review of your application, it has been determined that the \$150 fee should be refunded since your application dated August 9, 1984, is considered as being supplemental to your March 1, 1978 application as revised. Therefore, we have concurrently authorized the Division of Accounting and Finance to refund \$150 to your Company.

Sincerely,

Original Signed by
Wm. O. Miller
