

Docket No. 50-331

Mr. Duane Arnold, President
Iowa Electric Light & Power Company
P. O. Box 351
Cedar Rapids, Iowa 52406

Dear Mr. Arnold:

This is to acknowledge receipt of your letter of May 28, 1982 in which you seek approval of a proposed program entitled, "Integrated Program for Modification of the Duane Arnold Energy Center" that you enclosed with your letter.

Our initial overview of your Integrated Program indicates that it is indeed a comprehensive plan that will require additional review. We plan on conducting such a review as part of our consideration of the usefulness of licensee integrated schedules, such as yours, in establishing schedules for implementation of licensing actions.

Because of the comprehensive nature of your Integrated Program, we will require fairly extensive dialogue between your staff and the NRC. In this regard, we have been and will continue to be in close contact with your staff to enable us to judge the merits of your proposed program.

If we can be of further assistance, please do not hesitate to contact me.

Sincerely,

Domenic B. Vassallo, Chief
Operating Reactors Branch #2
Division of Licensing
