Mr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

On March 14, 1979 we had transmitted a letter to you stating that we anticipated submitting the Fire Hazard Analysis for the Duane Arnold Energy Center by April 30, 1979.

We have identified one additional area which requires further analysis by our engineering staff and consultant. Therefore, the completed report will be submitted by June 10, 1979.

Because a substantial portion of this report is complete, we are available to discuss it with you prior to the final submittal.

Very truly yours,

Larry D. Root
