Mr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

On May 2, 1979 we had transmitted a letter to you stating our intention to make our Appendix I Technical Specification submittal by June 30, 1979. We have not yet been able to fully assess the impact or schedule of the technical specification implementation. We now feel confident that our submittal will be made no later than August 31, 1979.

The documented portion of our technical specification is essentially complete, therefore, we would be available to discuss it with you during the interim if you so desire.

Very truly yours,

Larry D. Root
