LARRY D. ROOT  
ASSISTANT VICE PRESIDENT  
OF NUCLEAR DIVISION

Mr. Harold Denton, Director  
Office of Nuclear Reactor Regulation  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Denton:

This is in response to Mr. Domenic Vassallo's letter to Mr. Duane Arnold, dated April 27, 1982, requesting commitments asked for in Generic Letter 81-01, dated May 4, 1981.

We have completed an evaluation of regulatory positions C.5, 6, 7, 8 and 10 of Regulatory Guide 1.58, Revision 1, Regulatory Guide 1.146, dated August 1980, and our current procedures that address qualification of inspection, examination, testing and audit personnel.

We have determined, as a result of the evaluation, that our current procedures meet the requirements delineated in Regulatory Guide 1.58, Revision 1 and Regulatory Guide 1.146, dated August 1980. Therefore, we are currently committed to regulatory positions C.5, 6, 7, 8 and 10 of Regulatory Guide 1.58, Revision 1 and Regulatory Guide 1.146, dated August 1980.

We believe this is responsive to your request; however, should you have any questions, please contact this office.

Very truly yours,

Larry D. Root  
Assistant Vice President  
Nuclear Generation
