Docket No: 50-331
Op. License No: DPR-49
NUREG-0737, II.B.3 - Post Accident Sampling

Dear Mr. Denton:

By letter dated October 8, 1982 we indicated that a comparison of the DAEC Post Accident Sampling System against NUREG-0737 criteria contained in Item II.B.3 would be submitted to the NRC. The enclosure to this letter contains this comparison of the DAEC Post Accident Sampling System. Based on this comparison, we feel that the DAEC will be in compliance with NUREG-0737, Item II.B.3 upon completion and successful testing of system modifications. These modifications are scheduled to be complete prior to startup following our next refueling outage planned for the first quarter of 1983.

We are continuing our evaluation of the additional information requested in your letter of August 9, 1982 and will keep you apprised of our efforts in this regard.

Very truly yours,

Larry D. Root
