Mr. Harold L. Price
Director of Regulation
Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Price:

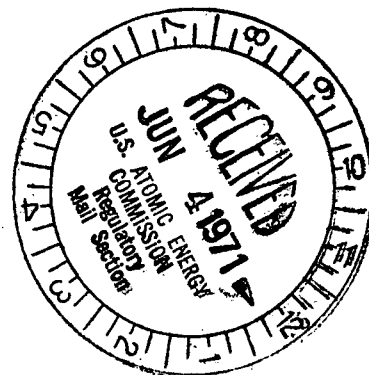

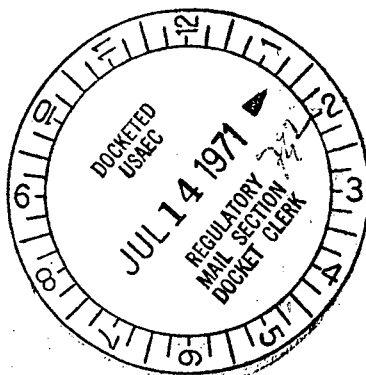

This is to acknowledge receipt of your letter to Mr. Ruckelshaus notifying the Environmental Protection Agency that the Iowa Water Pollution Control Commission has issued water quality certification for Iowa Electric Light and Power Company's Duane Arnold Energy Center.

It does not appear that the discharge from the Center will affect the water quality standards of another State. The Environmental Protection Agency has not, however, had the opportunity to review the Environmental Impact Statement for the facility. We understand that the Statement will be forwarded to the various environmental agencies for review. At that time the Environmental Protection Agency will submit additional comments and recommendations.

Sincerely yours,

for [Signature]

for Water Programs
