Gentlemen:

The following comments are made concerning the Duane Arnold Energy Plant located within Linn County, Iowa:

The personnel of the IE Company has, since the conception of this power source, kept this office informed as to construction and proposed operation programs and procedures. Communication has been at a maximum and any potential problems have been resolved to the satisfaction of each party.

This office finds no conflict with the information in the draft of Environmental Statement by the United States Atomic Energy Commission's Director of Licensing, which have not been resolved by mutual agreement.

This office has committed it's support to the company within it's areas of capabilities.

We anticipate this type of continuing cooperation between IE Company and this agency.

Sincerely,

  
Alfred M. Ahern
