Dear Ms. Cooper,

I have completed a transcript of the hearing that we held in Toledo on December 18 regarding the Davis-Besse relicensing application. [Docket No. 50-346; NRC-2010-0298]

Since the Federal Register Notice of October 28 says, "To be considered, comments must be provided either at the transcribed public meetings or in writing..." I thought it best that I send the transcript, as well as another copy of the video files and the supporting documentation that I sent to you earlier, to Cindy Blady, Chief of the Rules, Announcements and Directives Branch as described in the Register.

That was sent today. If you like, I can send you a text file of the transcript so that you don't have to wait for whatever internal machinations the NRC has to put it through before you get a copy.
