Subject: STP - Table 3.2-1 Errata

John,

I was going through Revision 5 of Table 3.2-1 in the FSAR and noticed the following anomalies:

Sheet 3.2-5 Under P8, Ultimate Heat Sink, it includes “**(See U16)**”

Sheet 3.2-8, there is no system or structure U16. Instead, under U20, UHS and Associated Structures, it reads, “**(See P8)**”.

I believe there is a typo in sheet 3.2-5, that under P8, **the parenthesized note should read “U20” instead of “U16”**.

If and when this correction is made in sheet 3.2-8, shouldn't “**Y2.2**”, **RSW Piping Tunnel**, be included in the parenthesis under U20?

Regards

Tom Tai
