Dear Mr. Keppler:

This letter is in response to Mr. Hind's letter concerning an inspection of activities at the Duane Arnold Energy Center conducted September 8-12, 1980. Since the areas examined during the inspection included subject matter exempt from disclosure under Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, our response to the item of noncompliance has been included as a separate enclosure to this letter.

We apologize for the delay in submitting the response. Corrective action has been initiated to resolve the administrative error which caused the delay.

Very truly yours,

Larry D. Root
