Dear Mr. Goller:

This is in response to your letter of August 7, 1975, regarding compliance of the Duane Arnold Energy Center (DAEC) with the requirements of 10 CFR 50 Appendix J.

A detailed review of all containment penetrations is required to determine the status of compliance with Appendix J and to review, as necessary, the alternatives outlined in your letter. This determination and review cannot be completed in the time specified in your letter. Accordingly, we request additional time to October 13, 1975 to complete this work and submit our report. Your consideration of this request is appreciated.

Very truly yours,

Charles W. Sandford
