Hi All,

Please see attached Draft RAI 5968 for Section 14.3.3 of North Anna 3 COLA. Please let me know if you need any clarifications before COB August 30, 2011. Otherwise, we will issue it as final after August 30, 2011.

Thanks,
Chandu Patel, Lead Project Manager
North Anna 3 COLA

Docket No. 52-017

SRP Section: 14.03.03 - Piping Systems and Components - Inspections, Tests, Analyses, and
Acceptance Criteria

Application Section: 14.3.3

QUESTIONS for Engineering Mechanics Branch 1 (AP1000/EPR Projects) (EMB1)

14.03.03-***

For components and piping identified as ASME Code Section III to retain its pressure boundary integrity at its design pressure, the applicant provided ITAAC items 4.a and 4.b in Table A.1-1 of Part 10 of the COL application. The AC stated that the results of the hydrostatic test of the as-built components/piping identified as ASME Code Section III conform to the requirements of the ASME Code Section III. It is not clear to the staff how the proposed AC can be concluded by the stated ITA. The staff requests the applicant to append the phrase "An ASME Code Data Report exists and concludes that" to the beginning of the AC.
