SUBJECT: OHIO POWER COMPANY, LICENSE AMENDMENT, CONTROL NO. 575861

Dear Mr. Beer:

This refers to your NRC license listed above. Your license does not include a maximum possession limit for the radioisotope authorized on the license. Current NRC policy requires that a license include a maximum possession limit for each radioisotope authorized on the license. Therefore, we have administratively amended your license to incorporate this requirement and Item 8 of the license is revised to include a maximum possession limit for the radioisotope authorized on the license. This limit is based on the information provided by you during our telephone conversation of August 22, 2011. Additionally, Condition 11 is also revised in accordance with current NRC policy. The revised condition permits you to name an individual as an authorized user provided the individual meets the requirements specified in the condition. Enclosed with this letter is the amended license.

You must request and receive an amendment to your license prior to acquiring licensed material in excess of the limit specified in Item 8 of the license.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits, see our toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,
