Subject: Plant Vogtle

I, Robert J. Buchwitz, am the Commission Chairman for the City of Hephzibah, GA, a small city just northwest of Plant Vogtle.

I am writing to express my support for the Vogtle 3 and 4 Project. I strongly recommend that the NRC approve the Vogtle 3 and 4 COL (Docket Nos. 52-025-COL and 52-026-COL), without delay.

The owners of the Vogtle plant - Georgia Power, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia (MEAG) and Dalton Utilities - have a proven track record for the safe operation of nuclear facilities and operate the existing Vogtle plant in a safe and environmentally-friendly manner.

Plus, I was encouraged to learn that the NRC issued its Final Safety Evaluation Report for the Vogtle Combined Construction and Operating License in August 2011.
