Subject: RE: 106 Process (TCP)
Attachments: Tribal Consultation letters 7-29-11.docx; Northern Cheyenne ML1113201270.pdf

Richard,

Attached please find the information you requested. I have attached two document to this email

- 1) The PDF file is the invitation letter we sent to Northern Cheyenne Tribe
- 2) The word document includes two tables,
 - a. The first table is the list of all tribes that might potentially be interested in the Dewey Burdock project. In this table you will see ML numbers of all our formal interaction with the these tribes thus far for your reference including the ML No. for the June 7-9, 2011 invitation letter.
 - b. The second table includes contact information for the tribes. Per our discussion earlier, keep in mind the names of the tribal leaders may have changed since the last time we communicated with them, therefore, I encourage you to check with individual tribes to make sure the leaders have not changed, if you plan on communicating with them in the future.
 - c. The word document also has the list of tribes that attended the June 7-9, 2011 meeting

Please let me know if you have any questions.

Thanks

Subject: 106 Process (TCP)

Haimanot,

Would you possibly be able to provide a list of the names, titles, Tribes and addresses of the tribal officials to which NRC sent letters regarding the site tour at Dewey-Burdock? Also, could you share the same information for those who responded that they were interested and copies of the responses? This information will enable us and Augustana pertinent information for planning and budgeting purposes.

Thank you.

Tribes that attended the June 7 – 9 informal information gathering meeting

- Oglala Sioux
- Rosebud Sioux
- Sisseton-Wahpeton Oyate
- Standing Rock Sioux
- Cheyenne River Sioux
- Flandreau-Santee Sioux

Many tribes confirmed their attendance for the June 7-9, 2011 meeting via phone conversation. Two tribes confirmed via email, one tribe confirmed via official letter.

May 12, 2011

Mr. Conrad Fisher
Northern Cheyenne Tribe
Tribal Historic Preservation Office
P.O. Box 128
Lame Deer, MT 59043-0128

SUBJECT: INVITATION FOR INFORMAL INFORMATION-GATHERING MEETING
PERTAINING TO THE DEWEY-BURDOCK, CROW BUTTE NORTH TREND,
AND CROW BUTTE LICENSE RENEWAL, *IN-SITU* URANIUM RECOVERY
PROJECTS

Dear Mr. Fisher:

The U.S. Nuclear Regulatory Commission (NRC) staff would like to extend an invitation to the Northern Cheyenne Tribe officials (Tribal Historic Preservation Officers and/or Cultural Resources Officers) to assist the NRC in the identification of tribal historic sites, traditional cultural properties, and cultural resources that may be affected by the actions proposed by Cameco Resources Inc. and Powertech Inc. We are extending this invitation because you indicated that you would like to be a consulting party. The NRC will hold an informal information-gathering meeting on June 7, 8, and 9, 2011, at the Prairie Wind Casino and Hotel on the Pine Ridge Reservation in South Dakota.

The information-gathering meeting will include a staff-to-staff session on June 8, 2011, at the Prairie Wind Casino and Hotel on the Pine Ridge Reservation and two days of site visits (June 7 and 9, 2011) to the proposed facilities. The NRC staff has coordinated with Cameco Resources Inc. and Powertech Inc. to arrange for visits to the proposed facilities. The itinerary for the site visit is included in Enclosure 4. Although attendance at the site visits is optional, Tribal representatives are encouraged to participate because the visits will provide an opportunity to tour an existing facility and to view the proposed project areas.

The NRC is in the process of conducting environmental reviews for a number of license applications involving in-situ uranium recovery facilities. These applications include Cameco Resources Inc.'s applications for Crow Butte North Trend and Crow Butte License Renewal, as well as Powertech (USA) Inc.'s application for Dewey-Burdock. The NRC is undertaking these reviews as part of our responsibilities under the National Environmental Policy Act (NEPA). Our reviews will culminate in the issuance of an Environmental Assessment, Environmental Impact Statement, or a Supplemental Environmental Impact Statement. These documents will include analyses of potential impacts to historic and cultural properties. In accordance with the National Historic Preservation Act regulation 36 CFR 800.8(c), we are coordinating our Section 106 review with our NEPA assessment. As part of our reviews, the NRC requests the input of Tribes concerned with the effects the proposed actions may have on historic and cultural properties, so their views may be considered in the decision-making process.

The NRC staff is interested in identifying areas within the Crow Butte sites and/or Dewey-Burdock site that have traditional religious or cultural significance to the Northern Cheyenne Tribe, so these may be considered in our environmental reviews. Maps identifying the specific locations of each proposed project are enclosed for your reference (Enclosure 1).

Digital copies of the publicly available archaeological surveys prepared for the Crow Butte Resources and Dewey-Burdock projects are enclosed. These reports are contained in 3 -diskettes (one for Crow Butte and two for Dewey-Burdock- Enclosure 3).

Please provide the NRC staff with copies of, or references to, documentary or published materials you like the staff to review.

NRC staff, in conjunction with the Oglala Sioux Tribe has prepared a tentative agenda for this meeting. The draft agenda is enclosed in this letter for your review (Enclosure 2).

Please identify any additional topics you would like to discuss and let us know by May 20, 2011, how many of your tribal representatives will be attending this meeting. We request your reply be addressed to Mr. Larry Camper, Mail Stop T-8F05, Washington, D.C. 20555. In order to attend the site visit, NRC must have your confirmation by this date to ensure adequate transportation is available for all participants. If possible, provide us with the name and job descriptions of tribal representatives who plan to participate. Ms. Haimanot Yilma and Mr. Nathan Goodman will follow up with you via a phone call to finalize meeting logistics.

The applicants will be providing roundtrip transportation between the Prairie Wind Casino and Hotel on the Pine Ridge Reservation and the Crow Butte and Dewey-Burdock sites. However, other travel costs associated with the June 7–9, 2011, meeting will not be covered.

If you have any questions regarding this meeting, please contact my staff members, Ms. Yilma (via email at Haimanot.yilma@nrc.gov or via phone at 301-415-8029) or Mr. Goodman (via email at Nathan.goodman@nrc.gov or via phone at 301-415-2703).

Sincerely,

/RA by Andrew Persinko Acting for/
