Dear John:

This letter is to confirm the arrangements for our next meeting to discuss our plans and schedules for improving the DAEC Technical Specifications (TS). The meeting is to be held at NRC Headquarters on October 11 at 8:30 a.m.. Attached is our proposed agenda for the meeting. While the main purpose of the meeting is to discuss our recent accomplishments and future plans and schedules for improving the DAEC TS, we propose to discuss some of the suggestions made in Mr. Shiraki's letter of August 15 for communicating these plans via the next semi-annual update of the Integrated Plan.

Please contact me if you would like to make any changes to this proposed agenda and I look forward to our meeting on the eleventh.

Very truly yours,

Robert F. Salmon
