We're still waiting to get confirmation from the Surry licensing contact, but the PM (Karen Cotton) tells me this a.m. that she expects 8/4 to be a date they can support. Hope to get you a definitive answer today, no later than tomorrow.

Rich

Hi Rich,

I was just curious – have you heard anything back from Surry yet regarding our request for a site visit next Wednesday?

Thanks,
Jon

Rich,

Please see the attached plan. Our preference is to go on Wednesday, August 4.

Please let me know if you need any more information.

Thanks,
Jon

Jon – Surry is good to go for 8/4. See POC information in Karen's email below. Please respond to her question, and work directly w/her to coordinate w/the licensee for your visit preparations and arrangements. Please continue to keep me on Cc: as you firm up the details of your visit.

Thanks,
Rich

Everything is good for the 4th. Barry Garber is the contact 757-365-2725. Is the plan to make this a day or will they be spending the night?
