Will do. I hope to be wrapping up on a 1:30p conference call, so I might be a bit late bridging in the SOARCA call.

Rich

Rich,

I think we're going to (at least for now) physically be there.

Can you make the 2pm conference call? There may be a lot of things that will likely need to be coordinated (i.e., a phone call to Surry).

Regards,
Richard

For item 1, is the intention to communicate via VTC or to go to RIII? Also, is there a time preference (a.m or p.m. slot) - recognizing that the group will be traveling from Atlanta the previous day, and traveling to PA the following day?

I'll work on items 1 and 2, and hope to get back to you sometime this afternoon.

Rich

Rich,

I talked to Jimi, and I have a couple of requests for assistance from you.

1. Could you please see if RIII is available on 12/8?
2. For the meeting that is a half an hour (with RII?), could we get an hour? If not, is there someone Jimi can call directly to ask for the hour?
3. I still owe you a date for RIV, and I will get back to you about that.

After I send this e-mail I'll try calling your office as well.

Thanks,

Richard Chang
