That would help me out if you can contact them directly. I just ask that you keep me on copy, so we avoid any duplicating of efforts. Feel free to send a 'reply to all' email (for your reference, our last message exchange for each Region is attached), or contact them directly. Thanks, Richard!

**Subject:** RE: Question

At this point, I am just information gathering. I would say all of the Regions. If you want, if you give me the regional contact I could ask them directly...

**Subject:** RE: Question

I don't know off hand, but can ask the question. Is the consideration for all Regions or any one(s) in particular?

**Subject:** Question

Rich,

One thing that Jimi and I are considering is the possibility of using VTC for the regional briefings. Do you know if the Regions will be holding their meetings in a VTC capable room?

Thanks,

Richard Chang
