---

Bob, Jimi -

I've contacted the Resident inspector, Dan Arnette (757-357-2101), informing him of the scheduled site visit. I also notified the Region 2/Branch 5 Chief, Gene Guthrie (404-562-4662). He was aware of the proposed plan to conduct the bag trip/site visit, but not aware of the visit being this week. He raised the question as to how the necessary site visit paperwork had been completed for this trip (as he is the person who signs off on the requests). Can you or Jimi contact him directly to address his question?

Rich
