Bob - when I spoke to the licensing supervisor today, he needed to check w/his management to confirm the dates. They intend to give us an answer during the Thursday call, but I can ask for their confirmation earlier for planning/travel considerations.

Rich

Can you confirm for me that the licensee agrees with a 2/19-22/08 site visit. We are running out of time to schedule this trip and having this information before the telecom would really help.

Thanks!

Bob
