Subject: Maps from October 2010 Ross Pre-Submission Audit
Attachments: APPD8_MAP_D8-1.pdf; ROSS_MEETING2.pdf;
ROSS_MEETING.pdf

Alan--

Per your request last week, please see the two attached 11x17 maps we provided during the site visit in October 2010 (ROSS_MEETING.pdf and ROSS_MEETING2.pdf). In addition, per a request through John, I've attached a vegetation community map provided to LQD in the Permit to Mine application (Map D8-1). We did this on the 2009 NAIP photo so it should facilitate analysis for sage grouse habitat. Notice that it includes a 1/2 mile buffer around the permit boundary. Thanks for the update today on the upcoming tribal consultation.

Ben
