9/8/2011 14:30 The office manager stated that they were awaiting the package that the NRC sent out when a licensee's term was ending. I informed her that packages were no longer sent out and that all of the information could be found on the NRC website. She inquired whether there would be a fee involved. I replied that a separate fee is not assessed for renewals or amendments. The office manager stated that she would see to it that a renewal application was submitted to the NRC prior to the expiration date of the license. If there were any questions regarding the application, someone from their office would contact me. I thanked her for her attention to this matter.
