Change to Nine Mile Point Nuclear Station Physical Security, Safeguards
Contingency, and Security Training and Qualification Plan

Pursuant to the requirements of 10 CFR 50.54(p), attached are changed pages for Issue 7, Revision 2, of the Nine Mile Point Nuclear Station Physical Security, Safeguards Contingency, and Security Training and Qualification Plan (the Plan). A detailed summary of change is provided in Attachment 1, and the revised pages are provided in Attachment 2. Both attachments are classified as Safeguards Information.

This revision of the Plan entails only one change, which involves an increase in the number of committed armed responders. Nine Mile Point Nuclear Station, LLC (NMPNS) has reviewed the change and determined that it does not decrease the effectiveness of the Plan or the overall Nuclear Security Program.

Should you have any questions regarding the information in this submittal, please contact John J. Dosa, Director Licensing at (315) 349-5219.

Very truly yours,

Anthony Verno
Director Security
