Subject: 3/31 Transmittal Status
Date: Wednesday, March 31, 2010 1:28:00 PM

Scott,

Thanks for the call and the update. I understand that you haven't received any further updates, and still expect to receive the green light sometime this afternoon from your management to transmit the fact-check info. Please include Karen and John on all follow-up status and notification emails, as I may be in and out of pocket for the remainder of the afternoon. As we discussed, in the event that you don't (or think you won't) get the green flag (say by 4:30p), please provide an update to the plant PMs, so that they can smartly inform their licensing contacts w/an appropriate status.

Thanks,

Rich Guzman
