---

Richard,

As we discussed, there's no need for any separate NRR pre-briefing prior to the actual brief to the NRR Leadership Team. I also confirmed with the NRR TA that Eric is still scheduled to attend. Please note that there may be requests down the road for additional briefings from NRR or DORL management, as the project moves forward with the draft NUREG out for comment and review. I'll certainly let you know, if I hear of any related requests.

I also wanted to update the NRR LT schedule with your meeting information. Please confirm that the below meeting description is ok. Also, can you tell me who will be the presenters?

Meeting Description: RES will provide a briefing on background and current status of the State-of-the-Art Consequence Analysis (SOARCA) project before the associated draft NUREG is released to the public for review and comment, projected for January 2011.

Thanks,  
Rich

Rich,

As the NRR briefing nears, I was wondering if you had any thoughts on certain people within NRR that I may want to reach out to prior to the briefing.

Thanks,

Richard Chang  
Program Manager
