When that part of discussion comes up, I will address, as appropriate.

Thanks,  
Rich

That's good Rich. that is my understanding too I just did not want to speak on behalf of NRR for that part of the transaction without being completely sure of what will transpire.

Scott,

When we last talked in Jimi's office, my understanding was that you would be sending me a draft letter for both plants along w/the CDs by this week; we (DORL) would format & issue the letters w/CD as an enclosure by next week. The plant PMs would be signing the letters out. Is that ok for you?

Rich

Rich,  
One item I am not sure how to respond to is the process/protocol for actually getting the info to them. I can present the information on the CDs to you on Thursday (3-25) for both plants, as we have talked about before, but beyond that I don't know what process NRR wants to follow. Please advise on that? Will you discuss that part at the phone calls today and tomorrow?

Scott E. and/or Jason,

To clarify my previous request, we'd like to send a proposed agenda **before noon**

N/6

**today** as requested by the licensee in order to prep and align themselves for the call. Please send directly to John Hughey by noon; otherwise we intend to send the licensee the following:

- Purpose of call; General overview of NRC's SOARCA project to date + current and near term activities
- Request for fact check review of Draft NUREG;
- Expectations from RES; Guidance for licensee when reviewing material
- What to expect in Draft NUREG; Content description (Appendix and MELCOR input deck);
- Schedule for requested licensee actions
- Q&A

Thanks,  
Rich

All,

The conference call with Peach Bottom will be on Tuesday, 23 Mar at 3pm. The bridgeline call-in information is provided below. I hope to have Surry's conf call information to you no later than Monday.

Scott E. - the licensee requests an agenda for the call. Can you put something together and send to me?

Peach Bottom SOARCA Conference Call

Date: 03/23/2010

Time: 3:00pm - 4:00pm

Bridge Line: 1-888-950-7570

Pass Code: (b)(6)

Thanks,  
Rich

Okay. I'm still working towards providing the documents for the plants to review to you Rich by the end of next week. FYI
