Subject: RAI concerning preceptor's authorization  
(NOTE: This will be used as the Documents Title in ADAMS)

In the letter dated 7/25/11, CAMC requested that Sangeeta Mandapaka, M.D. be authorized for 35.100 and 35.200 materials. A preceptor attestation was provided which was signed by Assad Movahed, M.D. In addition, a letter from the David Rushing, RSO at the institution where Dr. Movahed works (Pitt County Memorial Hospital), stated that he was an authorized user on their broad scope license, however it did not state what Dr. Movahed was authorized for. I contacted David Rushing on 9/14/2011 to confirm his authorizations. According to David Rushing, Dr. Movahed is a cardiologist who is authorized for uptake, dilution, and excretion studies (35.100) and imaging and localization studies (35.200).
