(NOTE: This will be used as the Documents Title in ADAMS)

I spoke with K. Lowe about the training that Sangeeta Mandapaka, M.D. received from Corscan. In the provided documentation there was a Corscan syllabus. I reviewed the CorScan Plus web-site and found that the training is broken up into two segments. The first segment is 55 hours and the second segment is 25 hours. I requested that Dr. Mandapaka indicate on the syllabus the items that were covered by segment 1 and segment 2. Also, to describe the hours that each section took to complete.
