Laurel,

Here is a list of tables in TVA's RAI responses with the dates of those responses that TVA will change and submit as a result of this week's conference calls with TVA. I am not yet sure we know the final effect on the SAMDA schedule, though I don't now expect a major delay in section 6.2..

I will keep you informed.

Dennis

Frank:

Here are the tables we plan to revise. Note that the first 2 in yellow were superseded in the submittal of June 17th, 2011. I have included a May 25, 2011 submittal in this list as I think it also needs to be revised.

I suggest we get NRC concurrence on this if we can. I have not gone thru all the text of the submittals yet to know whether other consequence numbers should be changed. I would expect them to all be captured in these tables anyway. One exception may be the phase 1 screened SAMAs, the numbers would differ but likely not change the screening conclusions.

Best regards

Don
