**Subject:** Review of outstanding open items in the I&C Open Item List

Bill,

Both Norbert (Common Q PAMS) and Rosznyev (WINCISE) have completed their reviews of the outstanding open items in the I&C Open Item List. They have determined that any items which are currently open but do NOT have a corresponding open item in the SSER Appendix HH should be considered closed. The outstanding issues for these topics, which TVA needs to address, are covered in the SSER Appendix HH.

There are still a few remaining open items on the I&C Open Item List regarding other topics which I am still working to resolve by either linking to Appendix HH or verifying their need for response.
