Steve,

I called FWS, but our contact there, Sandy Duran (604.753.9334), was on the phone. When she called back, I was out. She is in tomorrow, but referred me to their website. I cannot say I found much there helpful. Have you searched it? Tomorrow is a busy day here, but I will call so we can talk before trying to reach her again. I should be in around 7.

Dennis
