Subject: FW: Acceptance letters for Salem & Hope Creek

Neil, Nancy, & Ivonne,

FYI, We signed out the letters for acceptance of the LRAs for Salem 1 & 2 and Hope Creek (2 separate letters) late yesterday. We are processing them into ADAMs right now, so the ML numbers below are still in draft format until they become declared.

The FRNs for acceptance should be in the FR by Weds or Thurs next week. We also did a combined FRN for environmental scoping for both plants, as we intend to issue one SEIS for all 3 units at this time.

Thanks.

Linda/David,

can I get a copy or ML numbers for these letters that Sam signed yesterday?
thanks.
