Ok, thank you Donnie. I'll be at the meeting on Thursday. I have requested a travel account and should have that soon.

Subject: Salem - Hope Creek public meeting

Nathaniel and Daniel-

As part of your training, you have been invited to participate in this effort.

On Thursday, October 29th. at 3:00pm in 11B6, we are having a prep meeting for the subject task. Please plan on being there.

I have reserved a 15 passenger van for November 5, to travel to Salem, NJ for the meeting.

The meeting is scheduled to last til 10pm that evening.

I have made reservations for myself for 1 nite, at the Hampton Inn in Pennsville, NJ. They have rooms at per diem.

Make your reservations using E-Travel when you start your authorization process. Let me know if you need assistance.

In preparation for the meeting, this Thursday, please review the checklists and instructions in the PM handbook for this topic.

Your time spent on this project should be charged to the training TAC and not to the licensee.

Please let me know if you have questions or require assistance.
