Subject: Utility Tunnel - Database Item #35

Steve,
The following is the answer to Michelle's question about what is located in the Utility Tunnel. The following is in the tunnel:

Mechanical

- City Water Supply
- Fire Protection
- Fuel Oil Piping
- Drain lines
- Sewer Lines
- Station Air
- Aux Steam

Electrical

- 13.8kV feeders
- Telephone lines
- Welding receptacles
- Misc other electrical feeds
- No ASSS
- No class 1E
- Security

Please let me know if you have any other questions.
Thanks,
Val
