Bob,

Dana Caron (badge# (b)(6)) and Dante Johnson (badge# (b)(6)) both have active unescorted access at IPEC. If they are still in possession of their badges they do not need to report to access prior to entering the protected area.

George Smith is not active at IPEC. I will generate a BAR for him. Please have him report to access authorization upon arrival to site on Monday, November 15 to in-process.

If you have any questions please call me.

Kelly
