Sam recommended the same thing but Charles wanted to send separate letters because McCloy is with Fish and Wildlife and Ehinger is with the Coastal program and he wanted to include both programs.

So, please send it to both. Thanks!

Dan,

I think McCloy and Ehinger are from the EPA of NJ. Can I send it to McCloy only?

thanks,
Caroline

Caroline,

I will definitely try to get you addresses in the most helpful format in the future. I may need to get some more info about what the proper format is. Thanks for your help with this.

Is this better? I just took out the phone numbers, moved the titles up to the same line as their name, and deleted the acronym from the Delaware River Basin Commission.

Dan,

I will take care of this document but in the future, it would be most helpful to me if you can forward a list of your addressees in the format to be mailed. Does that make sense?

It would save me time.

Thank you,
Caroline

Hi Caroline,

Here is the electronic version of the Salem Hope Creek biological distribution list. To reiterate what we just talked about, Charles agreed that we should just send a separate letter to each addressee and put "Dear Sir or Madam" for the Army Corps of Engineers since there was no name provided. Thanks
