The matrix that I sent out to RERB has Steve Dillard Listed for both aquatic/terrestrial. I sent this matrix to AECOM to double check. AECOM distributed this same matrix to their staff (with Dillard assigned to both disciplines. I will double check with AECOM to verify that this is actually the case.

Charles,

You have Steve Dillard listed as the aquatic biologist assigned from AECOM. Steve Dillard is a terrestrial ecologist; Steve Duda is their aquatic biologist. Are you sure you have the right Steve?

Team,

Attached is the Salem/Hope Creek matrix that cross-references NRC Staff with their contractor (AECOM) counterparts. They should already be starting the process of contacting you.
