Subject: Status of Salem/HC SEIS

Charles,

As discussed yesterday, you were to provide Andy & me both updates for the following questions:

1. How much of the DSEIS is written? (specific breakdowns of sections completed)
2. How you've coordinated for RERB's review? (provide custom schedules negotiated with each reviewer)
3. How many comments do we have for this DSEIS? (this should have been summarized in the beginning of Appendix A)
4. When will Andy, OGC, and I get a copy for review? (we need a disciplined schedule of review. Based on our meeting yesterday, neither Andy nor I have a clear idea of what the timeline looks like)

Thanks.
