 Browse Recipients:

2009 Armed Forces Radiobiology Research Institute

2008 AREVA Chalon, St. Marcel Plant
 Nuclear Fuel Services, Inc.

2007 Japan Research Reactor No. 3 (JRR-3)

2006 Experimental Fast Reactor JOYO (Approved August)
 Oak Ridge Electron Linear Accelerator (ORELA) (Approved August)
 Reactor F-1 (Approved August)

2005 Belgian Reactor 1 (BR-1) (Approved September)
 Fast Flux Test Facility (FFTF) (Approved September)

2004 USS Nautilus, Groton, Connecticut (Approved February)
 Cogema La Hague Plant (Approved September)

2003 Saxton Nuclear Experimental Corporation Facility (Approved September)
 Chemical Engineering Building 205 (Approved September)
 Advanced Thermal Reactor at Fugen Nuclear Power Station (Approved September)

2002 Building 9204-3 (Beta 3) (Approved September)
 Nuclear Power Demonstration (Approved September)
 Portsmouth Gaseous Diffusion Plant (Approved September)

2001 Intense Pulsed Neutron Source at Argonne National Laboratory (Approved September)

2000 Michigan Memorial Phoenix Project, Ann Arbor, MI (Approved September)
 University of Florida Training Reactor (UFTR), Gainesville, FL (Approved September)

1999 *Not Awarded*

1998 *Not Awarded*

1997 Gaertner LINAC Laboratory (Approved September)
 Babcock & Wilcox Critical Experiment Lab (Approved September)

Isomedix Inc. Morton Grove Irradiator (Approved September)

Phenix (Approved September)

1996 Not Awarded

1995 Experimental Breeder Reactor II (EBR-II) (Approved September)

The Nuclear Training Center at Lynchburg, Virginia (Approved September)

1994 Molten Salt Reactor (Approved September)

Tower Shielding Facility (Approved September)

ZOE (Approved September)

1993 Pajarito Canyon Site (Approved September)

San Onofre Nuclear Generating Station 1 (Approved September)

Waste Calcining Facility (Approved September)

1992 B Reactor (Approved October)

Indian Point 1 Nuclear Generating Station (Approved October)

Radiochemical Development Facility- Building 3019, ORNL (Approved October)

1991 Big Rock Point Nuclear Plant (Approved May)

BR3 (Approved October)

Dresden Nuclear Station Unit 1 (Approved October)

Room 307, Gilman Hall, University of California, Berkeley (Approved October)

N/S Savannah at Patriots Point (Approved October)

ORNL's Graphite Reactor (Approved October)

Penn State Breazeale Reactor (Approved October)

1990 K-25 Gaseous Diffusion Process Building (Approved May)

The Los Alamos Water Boiler Reactor (Approved May)

1989 Westinghouse Nuclear Training Reactor (Approved April)

PIVER (Approved November)

1987 Chicago Pile - 5 (Approved February)

Experimental Boiling Water Reactor (Approved February)

High Flux Beam Reactor (Approved October)

Northwest Electrodevelopment Lab. (Approved October)

1986 Brookhaven Graphite Research Reactor (Approved March)

Materials Testing Reactor (Approved March)

NRX Reactor (Approved March)

Peachbottom HTGR (Approved March)

SPERT I-IV (Approved March)

Enrico Fermi Unit 1 Atomic Power Plant (Approved October)

NRU Reactor (Approved October)

Solomon A. Berson Laboratory (Approved October)

Raleigh Research Reactor (Approved October)

SEFOR (Approved October)

S1W Prototype (Approved October)

Shippingport Atomic Power Station (Approved October)

West Milton Sphere (Approved October)

1985 Ames Laboratory Uranium Purification (Approved November)

Chicago Pile 1 (Approved November)

Experimental Breeder Reactor-I (Approved November)

Isotopes Development Laboratory (Approved November)

Lady Godiva (Approved November)

Sodium Reactor Experiment (Approved November)

TRIGA MARK I (Approved November)

Vallecitos Nuclear Center (Approved November)

Yankee Nuclear Power Station (Approved November)

Award](#)[ANS > Honors and Awards > Nuclear Historic Landmark Award](#)[View Recipients](#)[Download Nomination Form](#)

The Nuclear Historic Landmark Award identifies and memorializes sites or facilities where outstanding physical accomplishments took place that were instrumental in the advancement and implementation of nuclear technology and in the peaceful uses of nuclear energy. The landmark designation will be awarded only in response to nominations sent to the Honors and Awards Committee. Each nomination will be evaluated separately. The historic event or activity must have (a) successfully provided an essential contribution to, or basis for, subsequent peaceful application of nuclear technology or nuclear energy, and (b) been first-of-a-kind or provided a significant new departure. Sites or facilities to be nominated should have been placed in service at least 20 years before nomination.

The designation of these sites is symbolized by an inscribed bronze plaque for display at or near the original sites. The plaque is presented by an official ANS representative at an appropriate ceremony. A citation letter is also presented for broader recognition within the Society.

Nominations are made on a form available from ANS headquarters and from this web site. ANS members, professional divisions, or local sections may submit nominations, and they should be addressed to the chair of the ANS Honors and Awards Committee. The nominations should contain a clear identification of the project and/or facility by its correct name and an appropriate short statement of the project and/or facility accompanied by a lengthy explanation of its place in nuclear history.

Nominations are evaluated by the Honors and Awards Committee, and its favorable recommendations are forwarded to the ANS Board of Directors for approval. Newly designated Nuclear Historic Landmark sites are recognized at the ANS Winter Meeting.

Eight sets of the nomination form and supporting documents should be received at ANS headquarters before June 1.

What's New

- 6/17: 2010 LWR Fuel Performance Meeting / Top Fuel / WRFPM - Register online
- 6/17: Plutonium Futures 2010 - Register online
- 6/15: ANS bestows Society's highest honor on five outstanding nuclear professionals
- 6/14: Richard Stratford receives Henry DeWolf Smyth Nuclear Statesman Award
- 6/9: World's leading nuclear experts discuss wide ranging issues at ANS meeting
- 6/3: Experts World-wide plan for ANS Annual Meeting
- 5/25: ANS President Tom Sanders Testifies Before Blue Ribbon Commission on America's Nuclear Future
- 5/24: Nuclear Clean Air Energy Car to Race at the Indianapolis 500
- 5/24: Call for nominations - 2011 national election
- 5/12: DD&R 2010 - Register online
- 5/6: DOE announces Innovations in Fuel Cycle Research Awards Program for students
- 4/20: 2010 ANS national election results
- 4/16: 2010 Special Award deadline extended
- 4/15: International High-Level Radioactive Waste Management - Call for papers
- 3/29: 2010 Utility Working Conference and Vendor Technology Expo - Register online
- 3/9: 2010 ANS Winter Meeting - Call for papers
- 3/1: November 2009 award recipients
- 2/25: 2010 Annual Meeting - Preliminary Program, register online
- 2/16: ANS President Sanders appointed to U.S. Department of Commerce's Civil Nuclear Trade Advisory Committee (CINTAC)
