Contact: David Kreiger, Director of Planning
Mercy Memorial Hospital
Monroe, Michigan

Telephone: (734) 240-4561
Cc: Bruce Olson (NRC); Kirk LaGory (ANL)
Re: Service Levels in Hospital

Mr. Kreiger provided the following statistics for the Hospital:

- 238 licensed beds; generally, staffing has been for 169 beds, in part due to more outpatient services
- 235 physicians which operate independently; 1100 full time equivalent staff members
- Hospital completed \$34M renovation and expansion of emergency room facilities; allow hospital to treat beyond the lowest trauma level
- Able to accommodate 60,000 emergency room visits; last year, visits were approximately 45,000
- No capacity issues with a projected increase in population during construction of Fermi 3, or with increase in population for operation of Fermi 3
