Hello William,

Attached is Chapter 8. Are you able to review both rad as well as human health effects? We need to get this to OGC as soon as possible. How soon could you have this reviewed? Please use redline/strikeout mode.

Andy - I'll check it out today.

Charles – Could you send me Chap 8 electronically?

Bill-

Would be great if you could take a look at this for Steve ...it shouldn't take too long – within a few hours. Only a few paragraphs to review out of the 48-page or so chapter deal with HP.

Thanks,
Andy

Bill Rautzen is Steve's backup.
Kate Lenning is no longer doing environmental work.

Bo/Andy,

I just received this email from Steve K. (b)(6) ^{Ex. 6} and unable to complete his portion of Chapter 8. He's covering both rad and human health sections of ch 8. Is there anyone else that could cover for him? Kate

Lenning-used to do the health and I think she was the one most familiar with the rad sections, any change we could get her to review Steve's sections?

Ex. 6

Charles (b)(6) So I have not read S/HC Ch8.

(b)(6) so it is difficult to say when I can get to it.

I will keep it on my top items to do.

Steve,

Just checking in to see how you're coming on S/HC Ch 8. Can you give me a quick status?

Steve,

Here is Chapter 8. Thanks for going the extra mile on the review of this. Also, I called Kevin, he wasn't there so I left a message summarizing our conversation and told him that if he had any questions he can call me next week.
