Can you please send the relevant sections to me?  
I'll take any "Intro" and description sections, so I don't start making recommendations to incorporate info that you may already have in other sections.

Thanks,

Rich

That was meant to refer to the descriptions of the site earlier in Chapter 2 (e.g., Section 2.1, Facility and Site Description...). I believe those sections were sent to Charles in May – let me know if you need a copy. I should probably edit the sentence to refer to section 2.1 (which also includes a map and aerial photos).

Steve:

Have you written the below section ("Site Description) you reference:

**2.2.6.1 Artificial Island**

"As discussed above in the site description...."

Thanks,

Rich
