1. Charles, I asked Jeremy & Nikki to rework the Scoping Summary Report you dropped off for me to review. They will need to re-bin several of the comments as I noted that many were not relevant to the environmental review. In addition, there were major editorial & formatting issues that need to be fixed.
2. Jeremy, please provide your best draft of the report in one file ASAP to Andy, so that RERB can verify that the in-scope comments have been addressed in the body of the DSEIS.
3. All, this will also mean that App A will need revisions as well.

Thanks.
