Subject: RE: ACTION: Hope Creek SAMA Transmittal Memo

Tina,

I know Ray had drafted a Chapter 5 for both Hope Creek and Salem. What is the status of this writeup. Since they are a summarization of the Appendices already concurred on, you can send DLR the electronic version without my concurrence. Can we get them to DLR today?

Thanks!

Donnie

Donnie,

I think you're working from home today. I believe Leslie has received the Appendices for both Salem & Hope Creek from Tina yesterday.

Are you providing us the Chapter 5 write-up today?

Thanks.

Bo Pham

Dear Cheryl,

IF you haven't started on this concurrence package yet, please use the attached instead for the transmittal memo.

If you already processed it, no worries, I'll make the change in the document in ADAMS during concurrence (the only change is one sentence added in the enclosure).

Thanks,
Tina

Subject: ACTION: Hope Creek SAMA Transmittal Memo

Dear Cheryl,

Could you please prepare the concurrence package for the Hope Creek SAMA evaluation transmittal memo to projects (attached), and obtain an ADAMS number? I have also attached a form 665 (2nd attachment), just the ADAMS number needs to be filled in once assigned.

Ray Gallucci originated the document, but he is out of the office this week. Please let me know if you need anything further.

Thank you very much for your assistance,
Tina
(My new phone number: 301-251-7984)

P.S. Donnie – you can begin your concurrence review by e-mail if you wish. I find that Steve adequately addressed all of Ray's comments.
