Charles,

Please confirm for all of us if you are indeed taking version control of chapter 1 and incorporating my comments into it.

Also, can you confirm if you will be taking version control of the rest of the DSEIS & in what timeline as well?

Thanks.

Subject: Salem/Hope Creek - Chapter 1

Per conversations with Charles on Friday, Charles is taking control of Chapter 1. From this conversation, we are assuming that Charles will accept/reject all revisions in the most recent version (i.e., Bo's comments) and respond to all comments. Charles, would you please send us a final copy of Chapter 1 for our records.

Also, Charles currently has Chapter 6 for incorporation of additional text. Please clarify if we will be receiving Chapter 6 back to make additional corrections. If not, please send a final copy of Chapter 6 back to us for our records.

Thanks
