**Subject:** RE:

Let's meet to:

1. Sort out who's responsible for what in NMFS regarding EFH vs ESA
2. Go over again the timeline for each of these consultation process
3. Go over status of the USFWS request for us to adopt their recommendations regarding x-mission line maintenance.
4. ... and figure out what's left b4 issuing the FSEIS.

Thanks.

Bo,

Attached is the Draft cover letter for the Salem Hope Creek EFH. Please review and provide comments. I have read the EFH assessment and made minor edits. I plan to look it over one last time on Monday between (b)(6) (b)(6) to make sure I didn't over look anything.
