**Cc:** Imboden, Andy; Perkins, Leslie  
**Subject:** RE: Salem/Hope Creek hydro comments

Leslie mentioned that the applicant was working on addressing ER comments, so I think there is a pretty good chance that there are going to be responses.

**Subject:** RE: Salem/Hope Creek hydro comments

I have marked up the document where appropriate based on the comments. Is the applicant going to respond to the ER comments? If they make changes, it could alter our responses.

Dennis,

Mike Wentzel is pulling together the comment responses on the Salem Hope Creek DSEIS so please send him your draft responses as soon as you can. Thanks,

Dan Doyle

Hi Dan, I will do the response to comments for SHP, but I don't think they can be done by next Thursday Feb 3. A more realistic date considering my current workload is COB Feb 15<sup>th</sup>. I discussed this with Andy and he agrees with my assessment. Of course, I will try to finish these sooner. Thanks, Dennis

*DA 2/3*

Dennis,

Please take a look at the attached hydro comments for the Salem/Hope Creek DSEIS.

They are mostly from the state of NJ Dept of Environmental Protection.

Note that comments SHC-W-21 through SHC-W-28 (from the New Jersey Geological Survey) are actually **about the applicant's ER, not the DSEIS.**

I attached the comment letter from NJ so you can take a look at that...the comments from the NJ Geological people are on pp 6-8 of the pdf.

I would like to receive your responses by next Thursday (Feb 3).

FYI:

Salem ER: <http://www.nrc.gov/reactors/operating/licensing/renewal/applications/salem/salem-envir-rpt.pdf>

Hope Creek ER: <http://www.nrc.gov/reactors/operating/licensing/renewal/applications/hope-creek/hope-creek-envir-rpt.pdf>

Thanks,

Dan Doyle
