GE BWR/4 ADVANCED TECHNOLOGY (R-504B)

This manual is a text and reference document for the GE BWR/4 Advanced Technology Course (R-504B). It should be used by students as a study guide during attendance at this course. This manual was compiled by staff members from Human Resources Training & Development in the Office of Human Resources.

The information in this manual was developed or compiled for NRC personnel in support of internal training and qualification programs. No assumptions should be made as to its applicability for any other purpose. Information or statements contained in this manual should not be interpreted as setting official NRC policy. The data provided are not necessarily specific to any particular nuclear power plant, but can be considered to be representative of the vendor design.
